Synopsis of the Movie

Pan Xinyue

01

Harry Potter grew up in his aunt's house and lived a very painful life. It wasn't until his eleventh birthday that Harry's fate changed. He received a mysterious letter and was invited to a fairytale place, Hogwarts School of Witchcraft and Wizardry.

Hagrid, the gigantic man who brought the letter, introduced Harry into the real circumstances of his life: His parents were two kind wizards, they were killed by the evil wizard Voldemort. Since he survived the attack as a baby, and also somehow deprived Voldemort from his powers, he has been famous in the wizarding world ever since.

At Hogwarts, Harry finds magic everywhere. He meets his teachers, and becomes friends with Ron Weasley and Hermione Granger. He learns magic, rides a broomstick and plays Quidditch. He is enjoying his life here.

Accidentally, Harry, Ron and Hermione find out that Professor Snape seems to plot on stealing something that is guarded by a three-headed dog. The three of them decide to find out what really happened and stop the evil plot.

Their quest for the truth leads across many obstacles, from keeping up the everyday school life, a bewitched Quidditch match, Fluffy, the three-headed monster dog and some tasks one has to overcome to get to the guarded object—Sorcerer's Stone.

In the end, they find that they had wronged Professor Snape. Meanwhile, they protect the Sorcerer's Stone and save the world.

Good Lines

Ren Zehua

02

Hermione: Me? Books and cleverness. There are more important things: **friendship and bravery.**

Ron: Harry, it's you that has to go on, I know it. **Not me, not Hermione. You!**

This mirror gives us neither knowledge or truth. Men have wasted away in front of it. Even gone mad. That is why tomorrow it will be moved to a new home. And I must ask you not to go looking for it again. **It does not do to dwell on dreams and forget to live.**

It takes a great deal of courage to stand up to your enemies, but **a great deal more to stand up to your friends.**

The two titles

The title of the original book is different between the British and American editions. The UK version is **Philosopher's Stone**, the US version is **Sorcerer's Stone**. The film was made with two versions of the title in mind. In addition to the **movie title**, there are also differences between the British version and the American version when it comes to the **props** and **lines** of this movie.

Mirror of Erised

The inscription around the mirror reads “Erised stra ehru oyt ube cafru oyt on wohsi”, now turn it round ,it reads “I show not your face but your **heart's desire**”.

As the inscription said, it shows us nothing more or less than the deepest and most desperate desires of our hearts. Men have wasted away in front of it, even gone mad. We should not be addicted to the virtual world, nor should we live in dreams, and nor should we rely on dreams to give up our normal life.

When it was Harry's turn to sort, Dumbledore, sat up straight, and the applauding gestures of the others were **encouragement** from elders to juniors, whereas Harry's were warm **congratulations**.

Harry and Ron had played wizard chess together in the Great hall of Hogwarts. Ron's **Queen** had eaten Harry's **Knight**. Later, when they played live-action Wizard Chess to get the stone, Ron's knight was also killed by the queen. And in this scene, three of them showed their bravery and intelligence.

THANK YOU!
